Thank you, we will keep in touch as application moves forward. I don't anticipate meeting with the tribe until after we have completed the wetland delineation on the site and have a complete permit application. A site inspection for the delineation is scheduled in late May.

Kim

You asked a question on our last call if EPA would be interested in participating in discussions with Menominee Tribe regarding Back Forty. Yes, we would be interested in participating in those discussions, provided the tribe is agreeable.

After discussing with Melanie, today's meeting is cancelled since we had a meeting fairly recently.

(We can't cancel the actual appointment since Jenni is out of the office today.)

Thanks,
